List all the laws mentioned in the Abu Dhabi Transport Company

*I have created the following plan to answer your question:*

Step 1: Retrieve information about Abu Dhabi Transport Company from the database.

Step 2: Extract and list all the laws mentioned in the retrieved information about Abu Dhabi Transport Company.

If you want to make any changes in the plan then reply me with new plan. Otherwise, simply reply with 'okay' message.

okay

The Abu Dhabi Transport Company is a public joint-stock company established under Law No. (1) of 2023. The company has an independent legal personality and full legal capacity to carry out its activities and achieve its objectives. The company's main office is located in Abu Dhabi City, and the Board of Directors may establish branches, offices, and agencies in the UAE and abroad.

The company's capital is AED 100,000,000, divided into shares of equal value with a nominal value of AED 1 per share. The company's capital may be increased, decreased, or restructured as deemed necessary by a resolution of the Supreme Council. All shares of the company are wholly owned by the Government, and no shares may be sold, disposed of, or offered in a public or private offering without the prior approval of the Supreme Council.

The company's objectives are to execute, operate, manage, and develop transport systems, as well as transport passengers in urban and suburban areas in the Emirate using transportation means. The company may undertake various operations and activities, including acquiring assets necessary for the achievement of its objectives, coordinating with the Department to integrate its services with other urban transportation networks, developing railways and related services, establishing, investing, and partnering with commercial and industrial companies and projects

related to its objectives, concluding investment, management, outsourcing, and maintenance contracts, developing, owning, and registering intellectual property rights, and coordinating with relevant governmental entities to obtain information related to its objectives.

The company is managed by a Board of Directors consisting of at least five members, including the Chairman appointed by a resolution of the Supreme Council. The term of the Board of Directors is three years, which may be automatically renewed unless a resolution is issued on its reformation. The Board of Directors is responsible for setting the company's general policy and strategies, following up on their execution, and exercising all competencies and powers specified in the law and the company's articles of association.

The company's financial year begins on January 1 and ends on December 31 of each year, with the exception of the first fiscal year, which begins from the date of registration of the company in the commercial register and ends on December 31 of the following year. The company shall appoint one or more certified auditors, and the articles of association shall specify the manner of their appointment and remuneration.

The term of the company is 100 years, starting from the date of its registration in the commercial register, to be automatically renewed for similar periods unless a resolution is issued by the Supreme Council on the dissolution of the company. Any provision contrary to the provisions of this law shall be repealed.

The Executive Council has issued several resolutions related to the Abu Dhabi Transport Company, including approving the pricing of new services provided by the company, extending the validity of expired ID cards for government services, organizing events in the Emirate of Abu Dhabi, implementing the Abu Dhabi Government Services Unified Platform (Tamm), and adopting the Unified Digital Payment Platform of the Government of Abu Dhabi.

The Department of Finance Law No. (27) of 2019 has been amended by Law No. (24) of 2020, which has replaced several articles of the original law. The amended law has introduced new provisions related to the Department of Finance, including the Department's affiliation to the Ruler, preparation of the financial policy of the Emirate, preparation of the public budget, management of the treasury, organization of the bank accounts of the government and governmental entities, organization and management of the public debt and government guarantees, preparation and issue of the financial control system, preparation and issue of the financial statements and other reports of the government, and preparation and issue of the unified accounting policies, unified chart of accounts, and general rules to regulate and close the accounts and accounting records.

The Abu Dhabi Transport Company laws and regulations are also influenced by other laws and regulations, including Law No. (1) of 1974 concerning the reorganization of the governmental

body in the Emirate of Abu Dhabi and its amendments, Law No. (2) of 1971 concerning the National Advisory Council and its amendments, Law No. (2) of 2000 concerning the civil retirement pensions and benefits in the Emirate of Abu Dhabi and its amendments, Law No. (19) of 2006 concerning the regulation of transportation via taxis in the Emirate of Abu Dhabi and its amendments, Law No. (1) of 2017 concerning the financial system of Abu Dhabi Government and its amendments, Law No. (7) of 2018 concerning the reorganization of the Department of Economic Development, Law No. (30) of 2019 concerning the establishment of the Department of Municipalities and Transport, Law No. (24) of 2020 concerning the Supreme Council for Financial and Economic Affairs, and Federal Law by Decree No. (32) of 2021 concerning Commercial Companies.

These laws and regulations provide a comprehensive framework for the Abu Dhabi Transport Company, including its establishment, objectives, management, financial and accounting, and other related matters.

Health Insurance Policies in Abu Dhabi

*I have created the following plan to answer your question:*

Step 1: Retrieve information about health insurance policies in Abu Dhabi from the database.

Step 2: List all available health insurance policies in Abu Dhabi, including their features and benefits.

If you want to make any changes in the plan then reply me with new plan. Otherwise, simply reply with 'okay' message.

okay

I apologize for the error. Based on the provided legal documents, I will provide a detailed summary of the health insurance policies in Abu Dhabi.

## Health Insurance Policies in Abu Dhabi

The health insurance policies in Abu Dhabi are governed by the Chairman of the Executive Council Resolution No. (17) of 2017, which exempts certain services from the health insurance scheme in the emirate. The resolution outlines the types of health insurance policies, their benefits, and the requirements for obtaining and renewing these policies.

### Types of Health Insurance Policies

There are four types of health insurance policies in Abu Dhabi:

1. **Flexible Health Insurance Policy:** This policy is available to expatriates, residing in the emirate, who work in the private sector with a monthly income not exceeding AED 5,000. It is also available to desiring investors and holders of self-employment licenses, their families, and their employees. The policy is deemed a contractual document, and its conclusion does

not result in the obtainment of any governmental support. The annual premium for this policy is AED 750 per person.

2. **Basic Health Insurance Policy:** This policy is available to low-income people, as well as their families and workers who receive overall salaries of AED 4,000 per month with housing, or AED 5,000 per month without housing. It is also available to families of resident expatriates and their workers who are not covered by health insurance by the employer and are not beneficiaries of the flexible health insurance policy. The value of the premium for this policy is specified by an Executive Council resolution.
3. **Health Insurance Policy for Emergencies:** This policy is available to those coming to the emirate on a visit visa, children who are not permanent residents in the state, and their families. The policy covers medical treatment services for emergency cases only, and its value is determined according to the duration of the visit or residence within the state.
4. **Enhanced Health Insurance Policy:** This policy is available to the remaining categories of beneficiaries.

### **Benefits of the Flexible Health Insurance Policy**

The Flexible Health Insurance Policy covers the following benefits:

- Treatment services for basic medical treatment services covered by the basic health insurance policy or medical treatment services covered by the flexible health insurance policy.
- Medical treatment services excluded as set out in Schedule No. (2).
- Medical treatment services that are agreed to be added from among the excluded medical treatment services to the medical treatment services covered by the basic health insurance policy or the flexible health insurance policy.
- The amount or percentage of the deductible that the insured shall pay when requesting medical examination or treatment covered by the health insurance policy, medicines, or medical examinations.
- The maximum value of medical treatment services borne by the accredited health insurance company under the health insurance policy.
- List of excluded medical treatment services.
- Complaint examination and dispute resolution methods.

### **Requirements for Obtaining and Renewing Health Insurance Policies**

To obtain a health insurance policy, the following requirements must be met:

- The health insurance policy shall include a statement of the exemptions granted in the field of basic medical treatment services, with a stipulation stating that the value of the policy

shall be reduced by an amount equivalent to these prescribed exemptions.

- The provisions of the health insurance policy shall be written in Arabic with a translation into English, and the Arabic provisions shall prevail in case any dispute arises.
- It shall not be permissible to treat major diseases with high costs from which the insured coming to reside or work for the first time in the emirate suffers, if the insured does not hold a valid health card, under the flexible or basic health insurance policy, except after six months from the date of entry into force of the policy.
- It shall not be permissible to obtain the flexible health insurance policy concurrently with other health insurance policies referred to in this resolution.
- The approved health insurance companies shall provide the insured persons with cards containing the details of the health insurance policy.
- The approved health insurance company shall issue a notice of renewal of the insurance policy 30 days before its expiry date, provided that the notice includes the value of the premium, the annual coverage amount, and any changes in the renewed policy.

#### **Schedule No. (6) Flexible Health Insurance Benefits**

Schedule No. (6) attached to the resolution specifies the medical treatment services covered by the Flexible Health Insurance Policy, including:

- The maximum annual ceiling for treatment services per person: AED 150,000.
- Coverage area: within the borders of the emirate of Abu Dhabi for elective treatment and the State of the United Arab Emirates for emergency cases.
- Network of healthcare providers: within the borders of the emirate of Abu Dhabi for elective treatment and the State of the United Arab Emirates for emergency cases.
- Inpatient care services for major high-cost diseases, according to the list of the Department of Health.
- Transfer procedures: the insured shall not incur any costs for advice or consultation provided by specialists or consultants in hospitals if the transfer is made by a network GP (or equivalent as determined by the Department of Health) who is licensed by the Department of Health or any other competent authority in the UAE.
- Coverage approval requirements: non-emergency medical conditions (elective) - prior approval is mandatory; emergency medical services - notifying the insurance company within 24 hours of admission to the hospital covered under the insurance network.
- Rate of deductibles by the insured: 20% to be paid by the insured, up to a maximum of AED 500 to be paid for every new service.
- Annual total ceiling for the deductible rate: AED 1,000.
- Type of stay: providing in-hospital treatment services in rooms with two or more beds.

## Other Relevant Resolutions

Executive Council Resolution No. (6) of 2023 concerns the regulation of appointment to the positions of experts and consultants in governmental entities. The regulation stipulates that appointment to the positions of experts and consultants in governmental entities shall be made in accordance with the provisions and rules stipulated in Law No. (6) of 2016 concerning human resources in the emirate of Abu Dhabi and its executive regulation and the schedule of grades and salaries for Abu Dhabi government employees.

Executive Council Resolution No. (50) of 2021 concerns the free zones council in the emirate of Abu Dhabi. The resolution stipulates that a council called 'Abu Dhabi Free Zones Council' (Council) shall be formed under the chairmanship of the Chairman of the Economic Development Department and the membership of one representative from each of the operating entities of the free zones to be named by the entity that owns those entities.

Executive Council Resolution No. (55) of 2021 concerns the continuity of a membership in the board of trustees of Khalifa University for Science and Technology. The resolution stipulates that the membership of His Excellency Mohammed Nasser Al Ahbabi in the board of trustees of Khalifa University for Science and Technology shall continue in his personal capacity until the appointment of the Director-General of the UAE Space Agency.

I hope this summary provides a comprehensive overview of the health insurance policies in Abu Dhabi.
